### "Operate Annihilate"

I wanna be everybody, I wish that I wasn't me  
(I was dropped from out of sight  
I always land on my feet)  
I was bit by the bug, grew 47 feet tall  
(I wasn't who I thought I was  
Wasn't anything at all)  
I wanna be everybody, I wish that I wasn't me  
(I'm the bones of the dead  
Superhero-trustee)  
Now seven minutes have passed and everybody got  
blasted  
(Operate, annihilate and everything is alright)

Chorus:  
Operate, annihilate  
Operate, annihilate  
What you got, you got too late  
Cuz everybody's gone

I wanna be everybody, I wish that I wasn't me  
(The point is furthest from a point of view less likely)  
You were the king of the moon, now you just lie in the  
dirt  
(Where's the fist of fury now?  
Everybody gets hurt)  
I wanna be everybody, I wish that I wasn't me  
(The real truth is in the head of truth is insanity)  
Not seven minutes have passed and everybody got  
blasted  
(Operate, annihilate and everything is alright)

Chorus
