Clear Lyrics

On my way
Though I don't know where I'm going
On a road thats dark and long
On my way
But I feel for that I could be lost
That the path I have chosen
Might be wrong
When will it be clear
That I made the right choice
When can I be sure
That I know my own voice
I dream of the day when i'm free from doubt
When faith wins out
And I overcome my fear
Clear

I don't know
I don't know where to search for answers
In a world that isn't fair
Will I find my strength
And discover who I really am
Or retreat and pretend that I don't care

When will it be clear
That I made the right choice
When can I be sure
That I know my own voice
I dream of the day when I'm free from doubt
when faith wins out
And I overcome my fear
Clear

I've been told
That we learn from our mistakes
But I just don't
How many mistakes it takes
Oh Tryin' so hard
To let down my guard
Maybe right now

Rigth here
Clear
That I made the right choice
Sure
That I know my own voice
Replace the day when I'm free from doubt
When faith wins out
And I overcome my fear

Clear hmm
Clear
Clear
