I just woke up
From a fractured Fairy Tale
I bought the dream but didn't read the small details
On which road
I should take
I thought I could see it
You led me astray
And know I feel cheated
I let you break my heart
And bleed it
I know it
But I finally learn that I hate to lose
Now there's something i've gotta prove

I'm a survivor
Scream it loud and strong
I'm a survivor
Thats right bring it on

I'm taking back the part I gave away
Yeah
And I'll never do it again
Unless it's an equal trade
Oh
And I open my heart
Like the fool I trusted
The light in the dark
Until you unplugged it
Love left a mark
But I rise above it
I know it

Every mistake that I ever made
Made me who I am today

I'm a survivor
Scream it loud and strong
I'm a survivor
Thats right bring it on

Princess opens up her eyes Without a kiss

That she won't forget
Becuse this good girl is pissed

Every mistake that I ever made
Made me who I am today

I'm a survivor
Scream it loud and strong
I'm a survivor
Thats right bring it on

I'm a survivor
Scream it loud and strong
I'm a survivor
That right bring it on
