I'm at a point where I might break  
I hope you got the news  
The only relief I want to take  
And I've got nothing left to lose  
You ran and I tried to chase  
I knew right where you'd end up  
With someone else's pretty face  
I thought I was giving up

You build yourself a wall I'll tear it down  
I belived in everything  
Look at what I found  
Oh, you build yourself a wall I'll tear it down

I hope you got the news  
The only relief I want to take  
And I've got nothing left to lose  
You ran and I  
Tried to chase  
I knew right where you'd end up  
With someone else's pretty face  
I thought I was giving up

Oh you build yourself a wall I'll tear it down  
I belived in everything  
Look at what I found  
Oh you build yourself a wall I'll tear it down

You went around for fun  
And I'm feeling sad  
Naming everyone  
Wasn't you that I misread

I'm at a point where I might break  
I hope you got the news  
The only relief I want to take  
And I've got nothing left to lose  
You ran and I  
Tried to chase  
I knew right where you'd end up  
With someone else's pretty face

I thought I was giving up

Oh you build yourself a wall I'll tear it down

I believed in everything

Look at what I found

Oh you build yourself a wall I'll tear it down
