Like a criminal.  
Did you think it could be like on TV?  
Where you could be big in your own movie?  
Did real life let you down?  
A genuine Pygmalion.  
CHORUS:  
(Criminal) Like a criminal.  
(No) No good to anyone.  
(Foolish) Gotta get a life and get sensible.  
(No) No pity, no pardon.  
Criminal. Just like a criminal.  
Could've been a factor.  
Could've been another distracter.  
Some like it in limousines, I like it in a tractor.  
Solo, separate, not just one of a crowd.  
Indifferent to compliment.  
I leave my funeral ground.  
CHORUS  
(Criminal) Like a criminal.  
  
(No) No pity, no pardon.  
Just a criminal.  
Haven't got a clue.  
Cannot comprehend anything you value.  
I'm probably just like you.  
Yes, I haven't got a clue.  
Just let that Judas goat lead you down that narrowing  
Path.  
As affluence is your influence.  
You'll be of no consequence.  
CHORUS  
(Criminal) Like a criminal.  
(No) No pity, no pardon.  
Yes, I haven't got a clue.  
Just like a criminal.  
I can not comprehend anything you value.  
Probably just like you.  
Yes, I haven't got a clue.  
I cannot comprehend anything you value
