"Cruel"

Body and soul-an animal
Dig deep down-that monthly frown
As a sword-swing double edged
Cleopatra-the rat catcher
You have the tools-to make men fools

Preambling-eyeball shopping
You're measuring-your next victim
Too good to be sin-far too entertaining
She said the most evil thing

I can do
Is to give my body to you
In silhouette-the suffragette
Behind the scenes-the deadly schemes
>From ship to shore-paramour l'amour
Your best nightmare-without a prayer
Inside our head-22 lead
In tragedy-hilarity

Never sin-far too entertaining
The modern miss-with modern gifts
