Sanctimonious smiles
He takes the money
You take the lies

This is religion
A liar on the altar
Sermon never falter
This is religion

This is religion and Jesus Christ
This is religion cheaply priced
This is bibles full of libel
This is sin in eternal hymn
This is what theyâ€™ve done
This is your religion
The apostles were eleven
Now thereâ€™s a sod in Heaven

This is religion
Liar on the altar
The sermon never falter
This is religion

This is religion
Your religion
And itâ€™s all falling to bits
Gloriously
