Under the house

Under the house

It came out of the wall

A single cadaver (under the house)

It went under the house

Scream in the trees

Under the moon (scream in a dream)

Solid the grave (vile stinking)

Stone cold ambition

Solid and gross

It went under the house

It's not the sun I wear as a crown

I colour the clouds

Under the house

Solid the grave

Stone cold ambition (solid discreet)

It came out of the wall

A single cadaver

It went under the house

A scream in the trees

Under the moon

Ages apart

Under the house

It's not the sun I wear as a crown

I follow the clouds

Under the house

Scream in the trees

Under the moon

It came out of the wall

A single cadaver

It went under the house

The jugular bulge rips

Steal if I could

Under the house (ages apart, under the house)

Scream in the trees (stone cold ambition, solid  
discreet)

Under the moon (under the house)

It went under the house

Under the house

A scream in the trees

Under the moon

The vile stink in my nostril

A single cadaver (stone cold ambition)

It clouded out of the wall

Solid disgrace (the smoke is a float

It's not the sun that I wear as a crown

Every breeze brings disease)

Ages apart

Under the house

Mercenary

Under the house
