"Harmed"

Yesterday I ran the whole day
A record mile from that town
And all the time I looked for something
I lived alone in my heart

Oh man we got harmed
Oh man we got harmed
And this picture that I thought I'd recognize
Oh man we got harmed

Tell myself I have the whole day
Been circling round in the town
And all the ways I hoped to find out
I never thought this'd be how

Oh man we got harmed
Oh man you got harmed
And this picture that I thought I'd recognize
Oh man we got harmed
