All that she had to say Calling you out, wake up alone We trusted you To make up our minds, colden our eyes

Quicken the time

Again

I couldn't lie

Everything's over sometime

I should've died

I'm alright

Again

Everything's right

Everything for a short time

Just as you like

Open your eyes, open your eyes

Everything for a short time

Dust in your eyes

I'm alright

Again

Fourty miles high, it's alright tonight

I'll go away

Did you lie alone? I'll go away

It's alright, you're down, I'll go away
