Seven hours later, she takes the elevator to the 2nd  
floor  
To the underground committee  
That's where they'll decide if you'll be praised or you'll  
be  
Tied up on the bathroom floor  
As you scream for more

All the souls are dying while some idiots are trying  
To convince you that they're cooler but they still don't  
know  
They're about to lose control  
And they'll be saying now

Calling radio Tokyo  
The lines are down, you're good to go  
This is real, can't you feel  
Calling radio Tokyo  
The kids are feeling way too low  
They're on their knees  
Won't somebody please just bring them home

Get out of the black car  
On the sidewalk of the big stars  
Of the now and then,  
Kinda feels a little late  
Someone had a bad day,  
So they sell your soul on eBay  
With an 8x10, autographed in pen

All the souls are dying while some idiots are trying  
To convince you that they're cooler but they still don't  
know  
They're about to lose control  
And they'll be saying now  
Calling radio Tokyo  
The lines are down, you're good to go  
This is real, can't you feel  
Calling radio Tokyo  
The kids are feeling way too low  
They're on their knees  
Won't somebody please just bring them home

Seven hours later  
They stopped the elevator to the 2nd floor  
And there was no more

Calling radio Tokyo  
The lines are down, you're good to go  
This is real, can't you feel  
Calling radio Tokyo  
The kids are feeling way too low  
They're on their knees  
Won't somebody please just bring them home

Calling radio Tokyo  
The kids are feeling way too low  
They're on their knees  
Won't somebody please just bring them home
