Well I say some men they like to ride that train  
I like it better that train ride me  
That way I can take my baby's love from sea to sea  
On this moonlit night out on U.S 82  
I hear that train is just a callin' out  
The way a little girl like to do

Baby's got to know about the way I feel  
I got a heart that's made out of railroad steel  
Cold, hard, true and mean  
But when her train rides through it'll make me sing

Yeah baby I got them Dixie crystals  
And they're flowin' right through my veins  
I'm just two tire tracks disappearin' in the pourin' rain  
And there ain't nothin' in this whole wide world  
Worth havin' ever comes for free  
And I swear to God in Heaven  
That little girl's gonna remember a man like me

Baby's got to know about the way I feel  
I got a heart that's made out of railroad steel  
Cold, hard, true and mean  
But when her train rides through it'll make me sing

Are you listenin' baby?

Baby I got my finger right on your pulse poundin' just  
like a drum  
I need a little bit of Coca Cola  
I need me a shot of Ron Rico 151  
Ain't nothing in this whole wide world worth havin' ever  
comes for free  
And I swear to God in Heaven that little girl's  
Gonna remember a man like me

Baby's got to know about the way I feel  
I got a heart that's made out of railroad steel  
Cold, hard, true and mean  
But when her train rides through it'll make me sing
