Thanks to jamez_blue@hotmail.com for these lyrics.

Do you think about me, like I think about you, as these
nights grow colder,
do you think about us or the love that was lost looking
back as we grow
older.

Would you cry if I die, either way nothing changes, and
just remember.

Don't call me baby, baby just because you can,
don't call me lady boy, you aint that kind of man, don't
call me sugar
honey, you've never done before, its just a little too
late, this baby's out
the door.

Do you wish that you cared,
maybe you were too scared to show me what your
feeling,
did you run out of time with me on your mind,
didn't we have no meaning.

Would you bleed, if I leave, either way nothing
changes, and just remember.

[M8]

Cum on, cum on, cum on, cum on, cum on, don't you
cry no more.

Cum on, cum on, cum on, cum on, baby, get up off the
floor.
