Why have i consumed all the thoughts that i have
preveously doomed
I don't know and I don't give a shit but I know i mix up
my words some times

Consol is everything that you wana be no matter what
you do treat your friends like your family does to you
like your family does to you

I dont know and I have been there before, Your forgot
the words while tryin to settle
the score when u are flyin sky high in mars, just
remember all those sparkling decaled guitars/details
in time
