[1st Verse]Bridge over troubled water,
Ice in my muddy water
Rich off a mixtape, got rich off a mixtape
Probably shouldn't be driving, it just got so much
harder
Can't even see straight, I can't even see straight

F-ck with me, I buy the shots
Live a little, cause niggas die a lot, and lie a lot
But I'm the truth that's right I f-cking said it
The living proof that you don't gotta die to get to
heaven
You Girl, you right there, you look like you like this shit
How'd I know, how'd I know? Thats me on some psychic
shit
I can tell a lie you ask me about my where about
But I might talk that real if you ask me what I care about
Reppin' bitches, reppin' bitches bitches
And reppin' reppin' them bitches until all of us switches
I swear, it's been two years since somebody ask me
who I was
I'm the greatest man I said that before I knew I was
That's whats important and what happened before this
When me and my crew as all about this rapper from
New Orleans
Singing "walking like a man, finger on the trigger
I got money in my pocket, I'm a uptown nigga, ah"
With fame on my mind, my girl on my nerves
I was pushing myself to get something I deserve
That was back in the days, Acura days
I was a cold dude, I'm getting back to my ways

[Hook]People always ask how I got my nice things
Take my crown to the grave, I'm an underground king
I bet we can make tonight the greatest story ever told
Cause I'm down to spend whatever, lately I've been on
a roll
And I do it for the city, cause you know the city love it

Nigga, do it for the city, cause you know the city love it
Nigga, do it for the city, cause you know the city love it
Nigga, do it for the city, (UGK f-ck these other niggas)

[2nd Verse] Sometimes I need that romance,
sometimes I need that pole dance
Sometimes I need that stripper that's gon' tell me that
she don't dance
Tell me lies, make it sound good, make it sound good
Do me like the women from my town would
Leather with that woodgrain, Persian rugs on wood
floors
Talking all the good things, that's all I'm really good for
Memphis Tennessee no, see I start to go deep back
And rich crust with my seat back with Yo Gotti and E-
Mack
And these niggas got them diamonds glowing in they
mouth
And they rockin' furs like its snowing in the south
And every pretty girl tell me that's the shit that she like
So why am I in class, if this is who I'm trying to be like
So I drop out, lessons I was taught are quick to fade
As soon I realize that term-end papers they won't get
me paid
If I don't nothing I'mma ball
I'm countin' all day like a clock on the wall
Yeah need that, making major changes to the life I'm
living
I had no choice, I had to prove I made the right
decisions
That was back in the days, Acura days
I was a cold dude, I'm getting back to my ways

[Hook] People always ask how I got my nice things
Take my crown to the grave, I'm an underground king
I bet we can make tonight the greatest story ever told
Cause I'm down to spend whatever, lately I've been on
a roll
And I do it for the city, cause you know the city love it
Nigga, do it for the city, cause you know the city love it
Nigga, do it for the city, cause you know the city love it
Nigga, do it for the city, (UGK f-ck these other niggas)
