Tonight I'm goin' downtown, I'm goin' downtown
I'm goin' down d-down d-down downtown
I'm goin' downtown, I'm goin' downtown
I'm goin' down d-down d-down downtown

Hey

Ain't nothin you can tell me that I don't already know
Been around the block a few times, I seen it all before
I know people in high places, hot tub in the penthouse
suite
But all my real friends to the end still grind in the
downtown street

Tonight I'm goin' downtown, I'm goin' downtown
I'm goin' down d-down d-down downtown
I'm gettin down

Tonight I'm goin' downtown, I'm goin' downtown
I'm goin' down d-down d-down downtown
I'm gettin down... yeah

I'm a old dog but I got new tricks, workin' hard from
eight to six
Just watch how I get my kicks, tonight I'm going
downtown

Workin uptown hustle for cash just to make some gas
money
St'aight been thinkin' how to make some fast money
All the things people do just to make ends meet
Findin' new ways every day in the downtown street

Tonight I'm goin' downtown, I'm goin' downtown
I'm goin' down d-down d-down downtown
I'm gettin down

Tonight I'm goin' downtown, I'm goin' downtown
I'm goin' down d-down d-down downtown
I'm gettin down... yeah

See I'm a old dog but I got some new tricks, workin'

hard from eight to six
Now just watch me you know how I get my kicks, tonight
I'm going downtown

Won't you tell me where were going now, won't you tell
me where were going now
Won't you tell me where were going now, are we goin'
downtown?

Tonight I'm gonna call my friends were gon' go out and
have some fun

Way to be all surprised let's do somethin' we never
done

Make some new memories and make the rules up as it
comes

And it aint over until the mornin' sun

Tonight I'm goin' downtown, I'm goin' downtown
I'm goin' down d-down d-down downtown
I'm gettin down

Tonight I'm goin' downtown, I'm goin' downtown
I'm goin' down d-down d-down downtown
I'm gettin down... yeah

Tonight I'm goin' downtown, I'm goin' downtown
I'm goin' down d-down d-down downtown
I'm gettin down
