So I'm sitting here again
All worn out again
The night was bad
And the next will be even worse

I know this room is a mess
Just like my life is
Detoxication
Messing with my head

Don't count on a loser
He will let you down

I know you mean no harm
But you're killing me
With your kindness
And your optimism

No matter how hard I try,
You're always looking down on me
I never fail to
Disappoint you.

Headfirst. I'm falling
The drugs quit working
(But) for you I fake a smile
Headfirst, I'm falling
Straight through the days
Of our entire life.
