I've left some notes behind for me
And found them on the bedroom floor
Could have sworn that I'd never seen
All these words I wrote before

I found them on the bedroom floor
Words I've never seen before

Call me please when you
Find a cure for this disease
Can anybody tell me what it means

It make no sense
Duly don't forget to call her tonight
And don't forget regret
Noted this was not your fault I hear ny thoughts in stereo

I've left some notes behind for me
And found them on the kitchen floor
All these notes are haunting me
Insanity is what's in store just keep on breathing
That I'll take as an advice just keep on acting
Sincerity I'll sacrifice
