It won't matter if you're in disguise
I'll be there
It won't matter if you shade your eyes
I'll be there
It won't matter if you're sleeping in
I'll be there
It won't matter if you sleep with him
I'll be there

Too close that you would notice
The fogged breath on the window pain
And a pocket protector, a perfect defender
Watching in the rain

It won't matter if you're sleeping late
I'm watching
It won't matter if you move away
I'm watching
It won't matter if you buy a gun
I'm watching
It won't matter if you try and run
I'm watching

Too close that you would notice
The fogged breath on the window pain
And a pocket protector, a perfect defender
Watching in the rain
So close that you would notice
The fogged breath on the window pain
And a pocket protector, a perfect defender
Watching in the rain

And I'm following you
And I'm following you
And I'm following you
And I'm following you
Following you, following you

Too close that you would notice
The fogged breath on the window pain
And a pocket protector, a perfect defender

Watching in the rain
So close that you would notice
The fogged breath on the window pain
And a pocket protector, a perfect defender
Watching in the rain

And I'm following you
