lets get it straight. don't wanna repeat. yeah i'm in this
for me. if any fun. thats what i've done. thats how its
gonna be. gotta kill the rock stars fast today. gotta
save the world from any pain all that is said and done. i
just wanna have fun i'm not gonna wash my ass today.
even though it really stinks. i'm going to make the band
smell bad. i don't care what anybody thinks. don't
wanna save the whales when the system fails don't
wanna feed the bums. i'm in this for me. i just wanna
have fun
