Please stay here this awkward silence kills me deep inside.
And little knowledge of my fate, at death cab car ride.
Understand me, let me tell you, This is not a lie.
A brutal end of a beautiful something, But two things end tonight...

I'm dreading we're near the end I fear, I said "I'd die without you" I've been dying without you.
I'm dreading we're near the end I fear, I said "I'd die without you" I've been dying without you.

Here's your note that I wrote you,
Read it when you're home.
The words you spit are devastating but soon enough you'll know,
The drunken car hadn't seize to hit me, but let me know you're fine.
It ends up being like I wrote you, I die with you not mine.

I'm dreading we're near the end I fear, I said "I'd die without you" I've been dying without you.
I'm dreading we're near the end I fear, I said "I'd die without you" I've been dying without you.

(If things don't change then I'm done.)
(Why?)
(Are you Serious)
(If things don't change then I'm done)

I'm dreading we're near the end I fear, I said "I'd die without you" and I've been dying without you.
I'm dreading we're near (I need you hear) the end I fear, I said "I'd die without you" (I need you here)
(If things don't do differently then I'm done)
I've been dying without you.
