She's the queen of mixed signals and I'm the king of
lies
It'll take a lifetime before we can get this right
She's the hope to my dreams, and the least of my fears
She's the girl I've been searching for year after year

I hear your voice, I'm calling your name
Though this catastrophe is putting me to shame
These castle walls are far too concrete
So I'm breaking down admitting defeat

Run baby run as fast you can
Your songs always on, playing over again
In my mind I know, that I'll see you one day
It's been about year now,
But you're a minute too late

Can't fight, can't fight this feeling
Dancing around to the rhythm that surrounds me
Can't stop, can't stop this feeling now
And I know that you're not in it to win it
But you're only here to beat me at my own game
I'm a liar, I'm a cheat, I've got hundreds of enemies
But you're the reason for all this pain

Run baby run as fast you can
Your songs always on playing over again
In my mind I know that I'll see you one day
It's been about year now
But you're a minute too late

I'll take a step down
And surrender my crown
This isn't me
I'm not who I want to be.

Run baby run as fast you can
Your songs always on playing over again
In my mind I know that I'll see you one day
It's been about year now
But you're a minute too late
