Mile by mile  
My hands in my pockets and my feet on the ground  
Mile by mile  
I know I've got to find you, I've been every where in  
town  
Smells like thunder  
Feels like rain  
Mile by mile  
Takes so long to walk away the pain

Day by day  
I got time to lose, I got money to burn  
Heads or tails  
I got a quarter in my pocket 'cause my luck is gonna  
turn  
Roll through red lights  
Stop for green  
Mile by mile  
Everywhere I go it's your face I'm seeing

Don't touch cause you're feeling lonely  
it's just the same old game  
Don't say that you love me only  
Just quiet down a while  
I can't sleep at night  
Got too much going on  
Don't laugh don't you even smile  
Just keep on walking mile by mile
