A-hey hey, will you stay,
You see my rabbit left and ran away,
And I don't want to feel that bad again.
In a flash, you insulted my brother's new mustache,
In his words I think you dudes should leave.

And the girls go hey hey hey,
And I don't know why.
And your friends they say say say,
It's been a very nice day today,
I think it was a pretty good day today.

Great Pumpkin dry your eyes,
I will make you apple pies.
And when you're done,
The world will still spin round.
Though I never met you I could never let you down.

A-wink wink do you think,
You could wink your eye, until it falls out.
No doubt, no doubt it can't be true.
And I wanna shake your hand and tell you hey nice job.
But I cannot so I say this now.
Well I should have told you that I had a wooden head.
And I should have told you that,
My dog Johnny wasn't really dead,
No I never had a dog Johnny to be dead.

Great Pumpkin dry your eyes,
I will make you apple pies.
And when you're done,
The world will still spin round.
Even though I never met you I could never let you
down.

And the girls go hey hey hey,
And I don't know why.
And your friends they say say say,
It's been a very nice day today.
I think it's been a pretty good day today.

Great Pumpkin dry your eyes,
I will make you apple pies.
And when you're done,
The world will still spin round.

And though I never met you,
I could never let you,
Though I never met you,
I could never let you,
Though I never met you,
I could never let you down.
