Temptations are surrounding you
They come from desperation
Caused by trouble or your fate
You need to solve it all alone

Don't be stupid and don't be weak
Look for an answer, come on seek
Don't drink or smoke to hide your pain
Be strong and fight, glory is your gain

CHORUS:

Never ending, never ending, never ending course!
Never ending, never ending, never ending curse?

You're inner strength cannot die
But how should it work if you don't try
Give yourself the motivation you need
A warrior of steel do not bleed

When others there to do you hard
All they want, to see you in shards
Take the challenge with an grin
Laugh at their faces as you win

REPEAT CHORUS

Believe in yourself and stay true
No matter what happens and what they'll do
You've the knowledge and the might
Defend with all powers, it's your right!

REPEAT CHORUS
