Why do  
You judge me?  
It's time  
To get over yourself.  
Morals  
Dissipating  
Gives me eyes to get a closer look  
Oh, I'll get a closer look  
Why do you judge me this way?  
I don't know?  
I don't know?  
I've made mistakes more than once, more than once  
My views, mismatch me, about time to get over myself  
So much  
Retribution  
Gives me eyes, to get a closer look  
Oh, I'll get a closer look  
Why do you judge me this way?  
I don't know?  
I don't know?  
I've made mistakes more than once  
I'm only human  
I can't offer you, perfection  
I can offer you a closer look into my view  
I gave in one to many times  
I rectify myself with guilt  
But it's overwhelming me  
Why do you judge me this way?  
I don't know?  
I don't know?  
I've made mistakes more than once  
I'm only human  
I can't offer you perfection  
I can offer you a closer look into my view  
Into my view  
Into my view
