We are never the culprits
We are always the victims

Blind yourselves
With indignation
Feed the mass a vengeful elation
Enjoy the last era you
Ignorant pride machine
Incite the mass to hate our brothers
Feed the mass a justified murder

We are never the culprits
In this world
We are always the victims
Who will fold

You act as if our hands were spotless
Facts are picked to suit our own causes
Enjoy the last era you
Pathetic propaganda whore
When will you realize
There's nothing worth dying for
And now you've wasted your existence
To feed the mass a justified murder

We are never the culprits
In this world
We are always the victims
Who will fold
We are never the culprits
In this world
We are always the victims
Who will fold

You feel hate to give you purpose
Lost yourself in a larger cause
Step outside your
Righteous pose
Your beliefs are not the laws
I hope I'm there when
There's nothing left to hate

We never the culprits
In this world
We are always the victims
Who will fold
