The kiwi and the liquid gold For Helen would have
surely knowed I'd love her if it weren't that I Bind
myself to a single joy I was sleeping with my LGO I was
polishing my midnight runners I was handling my Regal tip
Cold beer and my prison rolls Take a good look at
the patchwork that Hellen saw on my foot well she took
a look around, friend yeah she took her love to town,
friend I was sleeping with my LGO I was polishing my
midnight runners I was handling my Regal tip Cold beer
and my prison rolls I got eyes I can't stand it jalepeos
inbetween my toes the Duke of Earl and Smoking Joe All
the kiwi and the liquid gold I was sleeping with my LGO
I was polishing my midnight runners I was handling my
Regal tip Cold beer and my prison rolls I'm gonna eat
my damn 8 year old shoes
