There's a spend o time  
disconnected on yer line  
we stay up all day  
just like the sun  
everybody will go crazy  
when the moon messes up  
you bought the last bottle last time, remember?  
I don't need no doctor  
fer all this blood  
we sleep all day  
like coins in the mud  
ain't much t'this stuff when you look into it  
no way to see the roots before you chew it  
the web before you walk into it  
roll the glue in balls  
dead spiders and dead skin  
lover in the hole  
musics in the bowl  
u balt th' las balte las tam  
amember?
