In the throws of young love Leroy
Didn't think to think and in the blink of an eye
Tied the knot not knowing how to not know
He was the prodigal son this girl had brought him
home
He moved out of his step dad's apartment
He moved in with this cute Guatemalan
Things were copasetic 'til she caught him
Things were cool and collected 'til she found him
erected with another

Shit went bad he's on the roof again
She flipped, he flipped the bird
And then he went to the roof where his threats ring
loud and clear
Gonna jump gonna jump gonna die this year

Got screwed by the horse that he rode in on
Riding high on his whims had only gotten him down
He moved back to his step dad's apartment
Where he put himself back together 'til

She came back he's on the roof again
She flipped, he flipped the bird
And then he went to the roof where his threats ring
loud and clear
Gonna jump gonna jump gonna die this year

Your heinous highness broke her hymen hey man try to
quit your crying
I know she broke your heart but try to come try to come
down

Shit went bad he's on the roof again
She flipped, he flipped the bird
And then he went to the roof where his threats ring
loud and clear
Gonna jump gonna jump gonna die this year
