Sleeping through the evening singing dreams inside  
my head  
I'm heading out I've got some ins  
who say they care and they just might  
I run away with you if things don't go as planned  
Planning big could be a gamble I've already rolled the  
dice  
I spit and stutter stuff a clutter worries in my worried  
corner  
Maladjusted and untrusted, rusted,  
sometimes brilliant busted thoughts  
Think I'll stay for a while I'm intrigued  
and I'm red as a newborn white as a corpse

I promise not to try not to f\*\*\* with your mind  
Promise not to mind if you go your way and I go mine  
Promise not to lie if I'm looking you straight in the eye  
Promise not to try not to let you down

I am elated I am all smiles and dated  
in my man bites dog town with a Spanish name  
I am all bone I am two tone red as a newborn white as a  
corpse

I promise not to try not to f\*\*\* with your mind  
Promise not to mind if you go your way and I go mine  
Promise not to lie if I'm looking you straight in the eye  
Promise not to try not to let you down

Why you gotta keep the on high when it's cold outside  
Just want to let you know that I'm still a fan, get it?  
Everybody wants charm and a smile and a promise  
I promise not to try

I promise not to try not to f\*\*\* with your mind  
Promise not to mind if you go your way and I go mine  
Promise not to lie if I'm looking you straight in the eye  
Promise not to try not to not to not to leave

Not to leave  
Not to leave

I wanna leave  
I wanna leave
