I look at you and see the life I wanna live.  
You look at me and say "How could it come to this"  
But if the timings right and stars align  
Then consider this case closed.  
I see you walking for the door  
But some day you'll call this home.

No significant other, and now I'm really bored  
And all I wanna do is drink  
No significant other today.

So why would you leave me all alone.  
You know I don't get along  
When I'm left all by myself.

You're gonna lose it.  
You're gonna lose it.  
You're gonna lose it.

But if the timings right and stars align  
Then consider this case closed.  
I see you walking for the door  
But some day you'll call this home.

No significant other, and now I'm really bored  
And all I wanna do is drink  
No significant other today.

So why would you leave me all alone.  
You know I don't get along  
When I'm left all by myself.

And I thought you'd be concerned.  
But I guess I was wrong.  
And still don't wanna be by myself.  
Don't wanna be by myself.  
Don't wanna be by myself.

So why would you leave me up the crick,  
I'd treat you way better than Rick.  
I saw him talking to Michelle  
Don't wanna be by myself.

Don't wanna be by myself.  
Veronica!
