The whole town disappeared
While my mini-blinds were closed
Could be that way for years,
And I might never know

Maybe no one told me cause they knew that I wouldn't
Leave the premises because they knew that I couldn't
You're the only one that still came around,
You're the only one that can get me out

All I want to do is something new,
Need to feel different doing something cool
Wherever we go is up to you now,
Just get me out of the house
Just get me out of the house

I'm living underground now
(Living underground now)
Super top secret planning
(S-super secret planning)
When I finally unlock my door
I won't look a thing like I did before
You can tell my friends to alert the press,
But every now and then I've got to reinvent

I - I'm so tired
This is too much uninspired
Just get me out.

All I want to do is something new,
Need to feel different doing something cool
Wherever we go is up to you,
Pick a direction and I'll follow suit

For the time being I don't want to do nothing,
Including laying around watching bad television
You might have to physically hold me down
Or scream at me -

Just get me out of the house,
And get me into the car
Take me somewhere I've never been before

Just get me out of the house,
Get me into the car
And take me somewhere I've never been before

I'm sick of the same old stories
Just sick of the same old stories
