What I don't know  
You could tell me  
What I should know  
If you'd let me know  
How you feel  
How I love you  
What I don't know  
Couldn't hurt me  
But what I could show  
If you'd let me know  
Just how you feel  
How I love you

Come on & say it  
Sooner or later  
You're gonna need it  
You've got to make up your mind  
You gotta choose  
You're gonna lose everything  
Tell me just one good reason  
Why you won't say  
What you feel inside  
Dismiss your pride  
Why don't you tell me

Come on & say it  
Sooner or later  
You're gonna need it  
You've got to make up your mind  
You gotta choose  
You're gonna lose everything

Come on & say it  
You're gonna need it  
Come on & say it  
The sooner the better  
Baby, baby, baby  
Come on & say it  
Come on & say it...  
I know you want it...
