Moses come ridin' up on a quasar
His spurs were jingling, the door was ajar
His buckle was silver, his manner was bold
And I asked him to come in out of the cold.

His brain was boiling, his reason was spent
Nothing is borrowed, nothing is lent
I asked him for mercy, He gave he gave me a gun.
Now and again these things just got to be done.

Abraham and Isaac sitting on a fence
You'd get right to work if you had any sense
You know the one thing we need is a left-hand monkey
wrench.

Gideon come up with his eyes on the floor
Said "You ain't got a hinge, you can't close the door."
Moses stood up a full six foot ten
Said "You can't close the door when the wall's caved
in."

Ask him for water, he poured me some wine
We finished the bottle and broke into mine.
You get what you come for, ya ready to go
Well, it's one in ten thousand that come for the show.

Abraham and Isaac diggin' on a well
Mama came quick with the water witch spell
Well cool clear water well you can't ever tell.

Abraham and Isaac sitting on a fence
You'd get right to work if you had any sense
You know the one thing we need is a left-hand monkey
wrench.
