I'm going Crazy

The colours I breathe.
are the colours I need.
The people I see
are just people like me Yeah.
Because the things that I see
are not chosen by me
The things that I see
are the things on TV,
coming back to me.

The Feelings I breathe
are the Feelings I need.
The lives that I live
are the ones on the screen, yeah.
Because the things that I see,
are not chosen by me
The things that I see
are the things on TV,
coming back to me.

I'm going crazy
I am going Crazy
Everybody's crazy
Everyone's a little crazy.
I'm going crazy
I am going Crazy
Everybody's crazy now.
I'm going crazy
I am going Crazy
Everybody's crazy
Everyone's a little crazy.
I'm going crazy
I am going Crazy
Everybody's crazy now.

The colours I breathe.
are the colours I need.
The people I see
are just people like me Yeah.

Because the things that I see
are not chosen by me
The things that I see
are the things on TV,
