"Living In A Bubble"

The bubble is not reality
It's all inside your head
Makin you forget where you're from
and what's behind

Isn't it suspicious how the world
is now your friend getting in
return 1000 more than whatever you
could ever send
Ohhh yeah

Livin in a bubble baby
A bubble is no reality
You've got to have a look outside
Nothin in the bubble makes up
where your supposed to be and
when it blows you'll hit the ground
Ohhh yeah

The bubble is not reality
But its inside your mind
Makin you forget where your from
and whats behind

Isn't it suspicious how the world
is now your friend gettin in
return 1000 more than whatever
you could ever send

The bubble doesn't make you, but
its you that makes the bubble and
you better try to remember that
its in your head
The bubble is a very tricky thing
all full of hype and its not easy
to try to see the way things are,
and have always been

Livin in a bubble baby
A bubble is no reality
You've got to have a look outside

Nothin in the bubble makes up where
your supposed to be and when it
blows you'll hit the ground

Livin in a bubble
But it's not the place to be
Cause it's a place of lies and hype
Nothin in the bubble makes up where
your supposed to be and when it
blows you'll be alone
Ohhh yeah

The bubble is not reality
But its inside your mind
Makin you forget where your from
and whats behind
Isn't it suspicious how the world
is now your friend gettin in return
1000 more than whatever you could
ever send

The bubble doesn't make you, but
its you that makes the bubble and
you better try to remember that its
in your head
The bubble is a very tricky thing
all full of hype and its not easy
to try to see the way things are,
and have always been

Livin in a bubble baby
A bubble is no reality
You've got to have a look outside
Nothin in the bubble makes up
where your supposed to be and when
it blows you'll hit the ground

Livin in a bubble
But it's not the place to be
Cause it's a place of lies and hype
Nothin in the bubble makes up where
your supposed to be and when it
blows you'll be alone
Ohhh yeah

Livin in the city
Livin by the law
One for the money
Two for the show

I spend alot of cash buyin new homes

everybody just watchin while I
drivin my new car

I have everythin
Nothin is my sin
I spend all my time huggin and kissin
I sleepin in the most expensive hotels
Hangin out with the most beautiful girls

Everywhere I go people just follow me
You know Im famous and on every screen
You jabber on the phone in my private jet
And I see my face in every magazine

I make a livin as a V.I.P.
Life has become everything that I see
I got my name
Up in the stars
Famous all over from here straight to Mars!

Livin in a bubble baby
A bubble is no reality
You've got to have a look outside
Nothin in the bubble makes up where
your supposed to be and when it blows
you'll hit the ground

Livin in a bubble baby
A bubble is no reality
You've got to have a look outside
Nothin in the bubble makes up where
your supposed to be and when it
blows you'll be alone

The bubble is not reality
It's all inside your head
Makin you forget where you're from
and what's behind

Isn't it suspicious how the world is
now your friend getting in return
1000 more than whatever you could
ever send
Ohhh yeah
