We're gonna play the game the playstation all day
With metal gear solid to tekken three
And from omega boost to resident evil
Just play for the fun cause we've got it going on

Tekken three, metal gear solid
Resident evil, gran turismo
Omega boost, bloody roar
X-files, another world
Come on, ridge racer, odd world
We get a living that came in our posession

PLAYSTATION
PLAYSTATION
PLAYSTATION
PLAYSTATION

Tekken three, metal gear solid
Resident evil, gran turismo
Omega boost, bloody roar
X-files, another world
Come on, ridge racer, odd world
We get a living that came in our posession
