I've been to the edge!  
I've been to the edge!  
Yes, I've been to the edge!  
I've been to the edge!

And god knows if I've let my luck down!

I've been to the edge!  
I've been to the edge!  
Yes, I've been to the edge!  
I've been to the edge!

And god knows if I've let my luck down!  
I've been to the edge!

I've been to the edge!  
I've been to the edge!  
Yes, I've been to the edge!  
I've been to the edge!

And god knows if I've let my luck down!

I've been to the edge!  
I've been to the edge!  
Yes, I've been to the edge!  
I've been to the edge!

And god knows if I've let my luck down!  
I've been to the edge
