The space you hide  
Beneath everything  
The truth is blind  
From the lies

The space you hide  
Beneath everything  
The truth is blind  
From the lies you live  
The fire inside  
Rage consumes me  
The anger inside  
Confuse hating me

I will over come  
The eye of my storm  
You can't bring me down  
I have no remorse (A wall full of lies)

Beneath the sky  
The scent of deceit  
Can't stand the sight  
Of you in front of me  
You're a living lie  
In my memory  
Confused in mind  
Just get away from me

I will over come  
The eye of my storm  
You can't bring me down  
I have no remorse (A wall full of lies)

(Guitar solo)

I will over come  
The eye of my storm  
You can't bring me down  
I have no remorse (A wall full of lies)

I will over come

The eye of my storm  
You can't bring me down  
I have no remorse (A wall full of lies)
