"Lonely Feeling"

When the world is spinning in vain
To everyone you want to explain
But with every word a little more pain
Sometimes you get a lonely feeling
And find that you want to die
Sometimes you get a lonely feeling
In time it will pass you by
What woman want, woman will get
She'll tie you up with no regret
And all the time know what to expect
Sometimes you get a lonely feeling
And find that you want to die
Sometimes you get a lonely feeling
In time it will pass you by
When you hear the chilling sound
Of a midnight train to another town
And desperately you want a ride
Sometimes you get a lonely feeling
And find that you want to die
Sometimes you get a lonely feeling
In time it will pass you by
