I am thirdmoon and deliver my wrath
I am thirdmoon and deliver my pain

I stood shoulder to shoulder among devils,
While i saw my bode dying
So the dreams abandoned by my Carrion heart,
Felt into dimensions where the wise man lies
Crystal blood - is all I believe in
I've abducted God - to crown myself

I am thirdmoon and deliver my wrath
I am thirdmoon and deliver my pain

I saw dreams of my astral tears
So i cut out my seduced eyes
Precious solar icon sphere
In whores of the devious wrath
Crystal blood - is all I believe in
I've abducted God - to crown myself

Turn the side of delusion, but the truth will be veiled
Cosmic solution
The scars of aghast bane that bleed in water deep
An enigmatic perfume of life - I INHALED
