Do what you want  
'Cause i don't care  
Just buy me a souvenir  
While you're there

[chorus]  
No one told you I was abroad  
Does it strike you as a bit odd?  
If only for the weekend  
I need a break a chance to  
Blow your house down

Satiate the bug in your eye  
Screaming like it's fourth of july  
Preying in innocence  
I'm incensed  
Wanna blow your house down

Poseurs calling me names  
Ambition rears it's ugly head  
There's no excuse to be lame  
In a sea of empty waves...  
In a sea of empty waves...  
In a sea of empty waves...  
In a sea of empty waves...

[repeat chorus]

Down, down, down  
Gonna blow your doors wide open  
Gonna blow your doors wide open  
Yeah, yeah, yeah
