Well darling, I see you  
From across the room  
And men cling to you  
Like soup to a spoon  
But you don't look hungry  
And they won't feel full  
They roll in your thunder  
But I never will  
'Cause I've got too much pride  
To stand here in this line for you  
Darling, I agree  
That men are pigs  
And beauty contests  
They're all rigged  
So smash all your mirrors  
And look into me  
'Cause you're the most beautiful thing  
That I'll never see  
'Cause I've got too much pride  
To stand here in this line for you  
Yes, I do, yes, I do

Yes, I do, yeah, yes, I do  
Summer in the driving rain  
I'll never see your face again  
The only thing I wish to say  
I love you always  
Summer in the driving rain  
I'll never see your face again  
The only thing I wish to say  
I love you always  
Summer in the driving rain  
I'll never see your face again  
The only thing I wish to say  
I love you always
