I know sometimes when you see yourself
What you see yourself, is someone not good enough
I know there's times when you feel like, you can do
nothing right
And insecurity takes a hold, obscures your vision of
your soul
You can't see what's inside, open up your eyes

Take a look in the mirror, you're beautiful
Take a moment to love the one you are
Learn to accept yourself, coz it's the truth
Can't love nobody else, until you love you

I know sometimes it's so hard to keep up your self
esteem
Sometimes you can feel so small
And it's so easy to tell yourself, you're not worth much
at all
When you're unsure of who you are, and now it's tearin'
you apart
You can't see what is true, change your point of view

Take a look in the mirror, you're beautiful
Take a moment to love the one you are
Learn to accept yourself, coz it's the truth
Can't love nobody else, until you love you

Find, what is real is what's inside you
Know, there's no else in this world like you
Take, maybe just a little time to stop and see just who
you really are

Take a look in the mirror, you're beautiful
Take a moment to love the one you are
Learn to accept yourself, coz it's the truth
Can't love nobody else, until you love you

Take a look in the mirror, you're beautiful
Take a moment to love the one you are
Learn to accept yourself, coz it's the truth
Can't love nobody else, until you love

Take a look in the mirror
Take a look in the mirror (ooh ah ooh ooh ah ooh
ooh)
Take a look in the mirror (I'll take a look in the mirror)
Take a look in the mirror (you're beautiful)
