I'm gonna be alright
I know I can make it through the night
I wish I could feel okay
But there's seems to be nothing anyone can say

Cuz I just got dumped
I just got dumped
Dissed, Dismissed
Whatever the hell it is
I just got dumped

It was kinda out blue
It was kinda not true
At the time at least
Cuz I was to high to believe

That I just got dumped
I just got dumped
Dissed, Dismissed
Whatever the hell it is
I just got dumped

She's a bitch
Snotty and rich
Miss her more than anything
I guess she didnt give me many things

But I just got dumped
I just got dumped
Dissed, Dismissed
Whatever the hell it is
I just got dumped
