Hammer and a nail, stackin' them bales,
I'm dog tired by the 5 o'clock hr.
But I'm ready to raise some hell.
Jessie's gettin' ready,
I'm gassing up the Chevy.
I'm going to pick her up at 6,
I hope she's going to wear them jeans with the tear
that her mama never
Fixed.
Moon comes up and sun goes down.
We find a little spot on the edge of town.
Twist off sip a little pass it round
Dancin' in the dust turn the radio up.
That fireball whisky whisper's temptation in my ear,
To feelin' all right Saturday night,
And that how we do it round here.
Yea that's how we do it round here.
Mud on the grips, wild cherry on her lips.
I've been workin' and tryin', flirtin' and dyin' for
an all-night kiss
Country on the boom box candles on the tool box I'm
doing everything right

Got that country boy charm turned all the way on
tonight.
Yea the Moon comes up and sun goes down.
We find a little spot on the edge of town.
Twist off sip a little pass it round
Dancin' in the dust turn the radio up.
That fireball whisky whisper's temptation in my ear,
To feelin' all right Saturday night, and that how we do
it round here.
Yea that's how we do it round here.
Yea the Moon comes up and sun goes down.
We find a little spot on the edge of town.
Twist off sip a little pass it round
Dancin' in the dust turn the radio up.
That fireball whisky whisper's temptation in my ear,
To feelin' all right Saturday night, and that how we do
it round here.
Yea that's how we do it round here. Come on

Yea that's how we do it round here.
Yea that's how we do it round here.
