I wish that you knew that I
have been trying to get to you
all this time

I wish that it was easier
everything I would think of
I could try

It doesn't matter how long it takes
I've been waiting all this time
I see you out in your backyard
the sun shining in your eyes

I'm so glad I saw you standing there
I was just in time to save you from
another night alone

I can't believe its happening
its all coming down at once
I move in slowly to kiss you
but I'm too nervous

Our eyes meet and my hands
they start to sweat
You're so beautiful
I never thought that I could have you
but I'm
sitting here on your back porch step
having iced tea with you
and we're watching out for shooting stars

If you're feeling lucky
take a chance
two is always better than one
I will show you that
