Stare into the sun  
The sky burns  
Blinding light  
Everything's white  
Geocentric orbit  
Closing in  
A perfect form  
Total eclipse  
Erasing the flames  
Erasing

The core is black  
The deepest part of the mind  
Twisted with despair and deceit  
Core is black  
The deepest part of the mind  
Twisted with despair and deceit  
Core is black  
The tempest in my mind  
Twisted with despair and deceit

The world burns  
Waiting in vain  
Vanishing  
End is now  
End is now

Darkness embraces me now  
My eyes turned blind  
The world burns  
Waiting in vain  
Vanishing  
End is now  
End is now  
End is now

Darkness embraces me now  
My eyes turned blind  
The world burns  
Waiting in vain  
Vanishing

End is now  
End is now
