### "Which Means War"

I am the everlasting ever watching hell for you  
Telling you 'bout morality and things you shouldn't do  
My sense of tolerance is widely recognized  
Any anomalies are sure to be despised

And if you don't respect that I know what is good for  
you  
You'll take the painful way to be a loyal member too

My word is the law  
And if you choose the wrong way  
My rage will unfold  
Which means war

I bring democracy, I praise the lord  
I bring a true belief, don't fuck with god you whore  
I root out all the sinners, burn them on nuclear pyre  
I bring the new world order, illuminating, shining fire

My word is the law  
And if you choose the wrong way  
My rage will unfold  
Which means war  
Which means war  
Which means total war  
One more eternal war
